Customer Speak

"... Vayavya Labs has delivered the end-to-end system solution ... and BBC iPlayer application – taking it from, originally, a pre-production demonstration to a full production system. The team has proven ... under high pressure, tight deadline projects and not let client satisfaction waiver. I would have no hesitation to recommend Vayavya team in cases where innovative solutions need to be put into practice in a timely and efficient manner."

- Delivered BBC iPlayer which received certification
- Delivered WiFi over USB for Set Top Box towards a new Hybrid box.
- Less travel cost to UK by simulating Field setup using Multi-Rig.

Vayavya Offers:

- Web Connectivity
- Streaming Solutions
- Broadcast Expertise
- Firmware Design
- BSP automation
